IAEVG-Conference 2010 "Career Guidance for Social Justice, Prosperity and Sustainable Employment" in Mannheim/Germany, October 3 - 6, 2012
Invitation to participate in a Round-Table discussion

Dear Professor Nota,

On behalf of the conference organizers and IAEVG I would like to invite you as representative of the University of Padova and as host and organizer of the 2007 IAEVG Conference in Padova to this year's IAEVG Conference in Germany. Please find all information about the conference on <http://www.iaevg-conference.mannheim2012.com>. We hope that this event will again bring together the professional community of career development professionals from all parts of the world. We would appreciate if you could assist us in distributing the information about the conference to professionals in your country.

As one of the plenary events we plan a round table discussion among representatives from those countries around the world who have lately organized an IAEVG International Conference. We remember very well the 2007 Padova Conference with its outstanding scientific program and your wonderful hospitality. Unfortunately we were not able to attend last year's career guidance conference in Padova due to time overlap with other IAEVG events.

It is our pleasure to invite you to the conference and to the panel discussion which will take place on October 6th. The Round Table will discuss the contribution of IAEVG and IAEVG international conferences to the career development strategies and the professional development in those countries who have organized such an event lately. Besides Italy there will be representatives from Finland, India, New Zealand, South Africa, and South America in the panel. The discussion will be facilitated by Professor Anthony G. Watts. For more information about the topics and participants, please see the attached paper.

Unfortunately the conference budget does not allow reimbursement of travel expenses but we are happy to offer complimentary conference registration to the Round Table participants. So you don't have to register over the conference website.
